Greetings of Peace,

On behalf of the Islamic Society of East Bay (ISEB) community, we want to congratulate the Islamic Networks Group (ING) on its 19th anniversary. We are extremely grateful to ING for offering its coordination and cooperation, in last ten years, for our Interfaith and Community Outreach Projects. These outreach activities have tremendously helped the ISEB Community in the Tri City area, to share our values and practices with neighbors, friends and colleagues.

Since 1993, ING has been working diligently to educate people and counter prejudice against American Muslims by highlighting their beliefs, traditions, and contributions through certified speakers using the on-site presentations and seminars. Their speaker's bureau program has been building bridges of understanding among people of all backgrounds by partnering with volunteers and affiliated organizations. ING's exclusive work of reaching out to schools, colleges, universities, faith based organizations, law enforcement agencies, corporations, businesses through workshops and panel discussions is absolutely phenomenal.

We offer our best wishes for the continued success of ING's work, and look forward to many years of positive education about Islam and Muslims. We are grateful to your remarkable efforts and again, congratulations on your anniversary!

Sincerely,

Mushtaq Ahmed
President
