الانجاء الاسلامي في أمريكا الشمالية

The Islamic Society of North America

February 16, 2012

As-Salamu Alaikum,

It is with great pleasure that the Islamic Society of North America (ISNA) extends our congratulations to the Islamic Networks Group (ING) on the celebration of their 19th anniversary.

This anniversary is a celebration of nearly two decades of dedicated work from ING to promote a positive image of Muslims in America and train American Muslims to become proactive community educators and advocates for a better understanding of Islam and Muslims in their communities.

We have seen the positive impact of these projects on our community through our years of work with ING, especially during the Annual ISNA Convention, and training webinars, which we were proud to co-sponsor with ING.

We offer our support and best wishes to ING for many more years of success and leadership in promoting a positive and accurate image of Islam and Muslims in America.

Sincerely,

Safaa Zarzour
ISNA Secretary General

We have seen
the positive
impact of these
projects on our
community...
