ING Board of Trustees c/o  
Maha Elgenaidi, Executive Director  
Islamic Networks Group (ING)  
3031 Tisch Way, Suite 950  
San Jose, CA 95128

It is with great pleasure that we write this letter congratulating Islamic Network Group (ING) on its 19<sup>th</sup> year anniversary. On behalf of Islamic Center of Livermore and its community members we extend our appreciation for ING's 19 years of service to the community with its vision of a world where people of diverse backgrounds are understood, respected and their contributions valued.

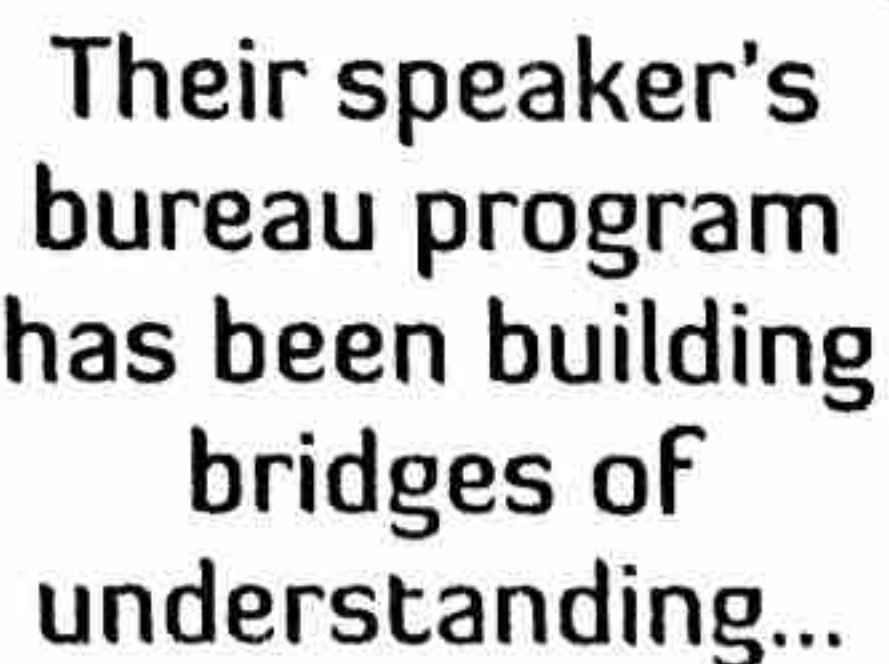

ING has been working diligently to educate, counter prejudice and discrimination against American Muslims by highlighting their beliefs, traditions and contributions via certified speakers using live presentations, seminars and one on one discussion. Their speaker's bureau program has been building bridges of understanding among people of all backgrounds by partnering with volunteers and affiliated organizations. ING has been reaching out to schools, colleges, universities, faith based organizations, law enforcement agencies, corporations, businesses through presentations, workshops, panel discussions since its founding in 1993.

We thank ING and offer our support and best wishes for the continued success of their work in making a difference in our communities.

Respectfully,

Waseem Sufi  
Islamic Center of Livermore
