On behalf of the San Ramon Valley Islamic Center (SRVIC), I'd like to congratulate Islamic Networks Group (ING) on its 19th year anniversary. Our community is grateful for their tireless efforts in countering prejudice & discrimination against American Muslims through their variety of education programs.

For the past two decades, ING has been focused on education & engagement within our local communities. Their programs have trained numerous volunteers to deliver thousands of presentations, workshops, and panel discussions within our schools, universities, law enforcement offices, and corporations to dispel myths & misunderstandings about American Muslims & Islam. Their approach has been a foundation for building bridges among people of all backgrounds.

We're proud to support this noble effort and wish ING continued success in their future endeavors.

Regards,
