

Dear Islamic Networks Group:

On behalf of the City of San José, it is my honor to congratulate Islamic Networks Group (ING) for its 25 years of service in pursuing peace, promoting values of inclusion and mutual respect, and countering all forms of bigotry through education and interfaith engagement. ING is headquartered in the San José Bay Area, home to one of the largest Muslim Communities in California, and has provided invaluable services to our region through its collaboration with diverse local, regional and national stakeholders.

Over the past 25 years, Islamic Networks Group has reached millions of individuals and hundreds of groups in the Bay Area at the grassroots level by building relationships, understanding, and peaceful communities of all types and backgrounds. Through its variety of educational programs, including cultural diversity trainings, online curriculum, and antibullying campaigns, ING has provided critical tools for our youth and best practices for our diverse community that have strengthened partnerships between schools, neighbors, community organizations, and law enforcement agencies.

Congratulations ING on this outstanding milestone. Thank you for your service and best wishes for many more years to come.

Sincerely,
