Board of Trustees
Islamic Networks Group
3031 Tisch Way, Suite 950
San Jose, CA 95128

Dear Board of Trustees,

The Silicon Valley Interreligious Council (SiVIC) is delighted to extend our appreciation and congratulations to the Board, staff, speakers and supporters of Islamic Networks Group on the occasion of the 25th anniversary of the founding of ING.

From the beginning, ING has broken new ground in educating the wider community first about Islam and Muslims, and then about the importance of understanding and cooperation among different religious traditions.

ING has established itself as an essential resource in our community and has consistently provided knowledgeable and well-trained speakers to go to schools, congregations, businesses and governmental groups. The programs and training developed locally have provided inspiration and models for affiliates across the country.

In addition to their responsibilities within their own organization, ING leaders and staff have been core participants in interreligious life in Silicon Valley. They have been actively involved in developing and supporting community interfaith events and are a welcome and valued partner in our own efforts to “promote a just and compassionate society in Silicon Valley.”

We look forward to many more years of collaboration and cooperation, and offer our best wishes and blessings to ING for continued success as they advocate for values of inclusion and coexistence for all.

Sincerely,

Rev. Joy-Ellen Lipsky
Board Chair
